

PROMINADE

STREAMLINED SIMPLICITY

THE BATHROOM RENOVATION SPECIALISTS

Promenade believes quality is what makes a business successful. John is a licensed builder and is passionately involved with clients from the initial consultation, right through to the design and selection process, and continuing with the renovations up until completion. This type of customer service is a rare find these days and you will be happy knowing Promenade delivers a smooth and professional process with each project it undertakes.

The project featured here perfectly illustrates Promenade's continued efforts to produce striking and comfortable bathroom spaces. The clients wanted to modernise the space with a simple contemporary aesthetic and quality materials.

Promenade helped achieve this by vastly improving accessibility within the space. The wall-hung vanity houses a glass bowl basin as well as additional cabinetry for ample storage.

The spacious shower features a toughened glass showerscreen, which blends with the dark grey porcelain tiles featured on the floor, shower, and surrounds.

To further enhance the feeling of spaciousness, Prominade created recessed areas to contain the clients' toiletries. This ensures everything is within easy reach while also maintaining a neat appearance. Servicing the Brisbane and Gold Coast area, Prominade can design and construct any style of residential kitchen or bathroom project.
